

LEGEND

-  High grade silver-zinc breccia mineralization
-  High grade silver-zinc sulphide vein mineralization
-  Low-grade Zn-Ag mineralization range 0.5-1.5% Zn, 3-10 g/t Ag
-  Main intrusive - rhyolite porphyry
-  Low-grade Zn-Ag mineralization in rhyolite - quartz porphyry dyke
-  Rhyolite - quartz porphyry dyke
-  Intrusive outcrop
-  Intrusive mineralization projected to surface
